## WORKSHOP DESCRIPTION

This is the first kind of workshop in the Organic Agriculture Sector. The workshop on Business Opportunity in Organic teaches you everything about organic farming, the Organic Supply chain, and 26 different business opportunities involved in the organic sector. This workshop will be conducted by Mr Manohar Shete, A Qualified Global Organic Leader by IFOAM (International Federation of Organic Agriculture Movement). He is doing business in the Organic sector for the last 12 years. He Collected all this knowledge from his experience and experience of other organic enterprises across the world. He gathered all this information out of the motivation that many use this information and start a business in Organic. This workshop explains 26 different business opportunities with examples and a case study of existing businesses which are working in this sector.

This workshop is dived into four modules

**Module 1**- Introduction to workshop and content

**Module 2** – This Module contains Definitions, Principles, rules and regulations of the organic and current situation.

**Module 3** – This Module contains Organic standards, certifications and regulations

**Module 4** – This Module contains different Organic as business and case studies.
